

HARIHARAN B

Data Analyst

+91 99528 04817 | www.linkedin.com/in/hariharanbalamurugan | hariharan23486@gmail.com

ABOUT:

A Data Analyst with four years of experience in data-driven logistics and freight operations. Proficient in Python, SQL, Excel, and Power BI with experience in converting complex datasets into actionable business insights. Strong interest in machine learning with project experience in logistics-related use cases. Skilled at working in cross-functional teams to provide trusted, decision-ready analytics. A quick learner, primed to grow along with a fast-paced environment. Seeking a Data Analyst role to progress and continue contributing through data-driven problem solving.

EDUCATION:

2025 - 2026	Imarticus Learning - Postgraduate Program in Data Science and Analytics - Excel for Data analytics - SQL for data handling - Python for data science - Statistics and probability - Machine learning - Power BI	Chennai, India
2020 - 2022	Annamalai University MBA - Financial Management (Correspondence) (61%)	Chennai, India
2016 - 2019	Agurchand Manmull Jain College, Madras University Bachelors of Commerce - General (63%)	Chennai, India
2015 - 2016	St. Ann's Higher Secondary School Commerce (88%)	Tindivanam, India
2014	St. Ann's Higher Secondary School S.S.L.C (86.4%)	Tindivanam, India

ACADEMIC PROJECT:

Project title:	Logistics Operations Performance Analysis
Organization:	Freightify
Project outcomes:	- Improved operational visibility and SLA negotiations. - Risk-based shipment prioritization and buffer timings. - Better freight cost planning. - Clear separation of descriptive and predictive analytics.
Project title:	Freight Shipment Delay Prediction System
Organization:	Freightify
Project outcomes:	- Early delay prediction for proactive planning - Improved decision-making using probability and transit insights - Better risk assessment across routes and carriers - Shift from reactive to predictive logistics operations

INTERNSHIP:

Designation:	Data Analyst Intern
Company:	FreightBro Logistics (May 2021 – Nov 2021)
Roles & Responsibilities:	Converted liner rate sheets into structured rate cards using Excel while learning core logistics and freight concepts and performed basic data formatting and gained hands-on experience in logistics data processing

WORK EXPERIENCE: (4 Years 03 Months)

- Designation: **Associate - Team Lead**
Company: Freightify (May 2025 - Present)
Roles & Responsibilities:
 - Leading a team processing 70–100 global freight rate sheets monthly while coordinating with customers to resolve rate discrepancies.
 - Automated Excel data handling using Python.
- Designation: **Senior Associate - Business Process Analyst**
Company: Freightify (March 2024 - May 2025)
Roles & Responsibilities:
 - Converted global rate sheets into structured outputs and standardized surcharges using Advanced Excel and internal RMS tools
 - Collaborated with other teams to improve data quality.
- Designation: **Associate - Business Process Analyst**
Company: Freightify (April 2022 - September 2023)
Roles & Responsibilities:
 - Processed high-volume freight rate data using Excel templates and formulas while performing data audits for accuracy
 - Created customer-specific SOPs and supported team-wide process improvements for consistent workflows
- Designation: **Business Process Analyst**
Company: Freightify (November 2021 - March 2022)
Roles & Responsibilities:
 - Documented data workflows and prepared detailed SOPs while identifying process gaps for improvement
 - Supported implementation reviews and recommended data-driven changes to ensure workflow consistency

ADDITIONAL CERTIFICATIONS:

- Microsoft Excel - Excel from Beginner to Advanced - Udemy (2025).
- NCC B Certificate - National Cadet Corps, (2018).
- Diploma in Computer Applications (2014).
- Rajya Puraskar Award Certificate - The Bharat Scouts & Guides, Tamil Nadu (2013).

EXTRACURRICULAR ACTIVITIES:

- Participated in National Cadet Corps (NCC) and gained NCC B Certificate during Under Graduation.
- Awarded the Rajya Puraskar by The Bharat Scouts & Guides, Tamil Nadu (2013).

HARD SKILLS:

1. Microsoft Excel (Pivot Tables, Lookups, Data Cleaning)
2. Python (Data Analysis, Automation, Pandas, NumPy, Matplotlib)
3. SQL (Joins, CTEs, Window Functions)
4. PowerBI (Dashboard, Power Query, DAX, Data Visualization)
5. Data Cleaning and Validation
6. Exploratory Data Analysis (EDA)
7. KPI Reporting and Business Insights
8. Machine Learning & Deep Learning

SOFT SKILLS:

1. Analytical thinking
2. Meticulous
3. Team collaboration
4. Problem solving
5. Good communication
6. Customer interaction
7. Time management

PERSONAL INFORMATION:

- Address: No: 80/120, Middle Street, Omandur, Tindivanam, Villupuram, 604 102
Date of Birth: 23/04/1999
Languages Known: English (R/W/S), Tamil (R/W/S)
